

GREY WOOD

COLOUR

Grey

MACROSCOPIC DESCRIPTION

Grey Wood marble is a natural stone with a very original and modern color that can vary from dove-grey to coffee to darker grey shades. Grey Wood marble has a natural alternation of stripes of darker and lighter colors, particularity that makes this marble the perfect one for the fulfillment of modern print projects.

Grey Wood marble is suitable for both internal and external projects, floorings and facings, countertops for modern and contemporary bathrooms and kitchens, decorative elements, yachts furnishings and floors, as well as various design accessories. It's natural beauty gives spaces personality and atmosphere, architects and artist worldwide choose this splendid marble to emphasize the elegance and character of private and public spaces.
