

BIANCO SIVEC

COLOUR

White

MACROSCOPIC DESCRIPTION

White Sivec marble is a precious limestone with very fine grain and uniform appearance, used both for interior projects and exterior ones as marble staircases, stylish floorings and facings, kitchen tops and bathroom elements, public areas embellishments, decorations and decorative objects for daily use. White Sivec is also known by its Italian name as Bianco Sivec marble.

White Sivec marble is a natural stone extracted from Macedonian quarries. Its candid color and delicate appearance gives brightness and vibrancy to spaces and the finishings that most express this marble's beauty are polishing and sanding.
