

## EMPERADOR LIGHT

### COLOUR

Brown

### MACROSCOPIC DESCRIPTION

Emperador Light Marble, a splendid natural stone extracted from Spanish quarries that is characterized by a beautiful and warm hazelnut color, a versatile material used for both interior design and exterior marble applications due to its many aesthetic qualities and technical ones.

The beautiful light brown of Emperador Light marble is crossed by typical veining and clouds of lighter and darker color. particularity giving to this stone personality and character, an original material for interior and exterior design.

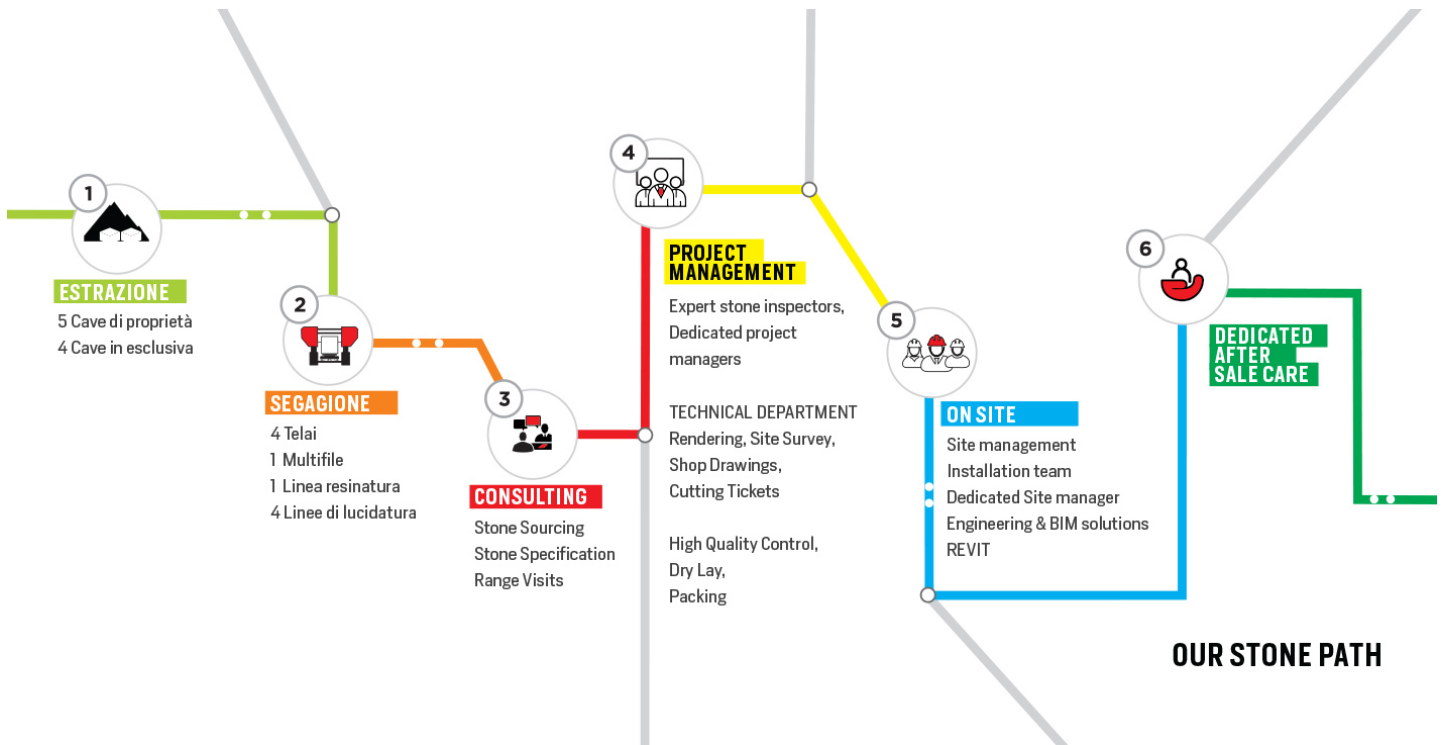

The finish that most enhances the qualities of Emperador Light marble is the polishing thanks to which the important and elegant veining becomes beautifully visible, a true masterpiece of nature.
