

ARABESCATO CALDIA

Category: marble

Colour: White Cream

Macroscopic

description: **Arabescato Caldia** is a fine marble extracted from the Caldia Quarry, characterized by a bright white background enriched with grey and golden veins. Arabescato Caldia perfectly embodies the balance between classic elegance and the versatility of a material favored by contemporary designers, as it offers a sophisticated combination of colors that suits any environment, from residential to commercial projects.

The background of **Arabescato Caldia marble** is crossed by intricate veins that create arabesque patterns, giving a luxurious and dynamic appearance to any surface. Additionally, this stone is highly valued for use in flooring, wall cladding, countertops, and bathrooms, where its natural brightness enhances the space.

Arabescato Caldia marble is not only an aesthetic choice but also a material that offers durability and strength, making it an ideal option for those seeking beauty that stands the test of time.
