

CALACATA CALDIA CLASSIC

Colour: White

Macroscopic description: The Calacata Caldia Classico marble is a precious stone extracted in the Apuan Alps, known for its extremely pure white background.

The background of Caldia Classico is crossed by an intricate pattern of fine and ovulate veins ranging from mint green to gray to brown. It is precisely the color of the veins that distinguishes Calacata Caldia Classico marble from Calacata Caldia, whose veins are gray and gold.

Calacata Caldia Classico marble adds a touch of elegance and refinement to any domestic and public environment. As a precious and pure material, it is particularly recommended for indoor settings.
